

24 March 2023

Corporate Video

Savannah Resources plc, the European lithium development company, is pleased to announce that it has published a new corporate video. This follows the publication on 22 March 2023 of the Environmental Report, Mine Plan and associated documents for the Barroso Lithium Project (the 'Project') by Agência Portuguesa do Ambiente and the initiation of the public consultation period which ends on 4 April 2023.

The video gives an overview of the Project and the role it can play in Europe's lithium-ion battery value chain and energy transition while minimising its own impact on the local environment and sharing with stakeholders the socio-economics benefits that responsible critical mineral production can bring.

The video can be viewed in English <https://www.savannahresources.com/media/videos/> and Portuguese <https://www.savannahresources.com/pt/imprensa/videos/>

Savannah - **Enabling Europe's energy transition.**
